Manolis, MD, Sami Viskin, MD, Anthony Tang, MD, Shmuel Inbar, MD, Christina Unterberg-Buchwald, MD, Arjun Sharma, MD, Ethan Rooney, Katie Schaaf, Daniel Becker, Jeff Gillberg, and David G Benditt, MD, for the Worldwide WAVE investigators Clinical Performance of Wavelet Morphology-Based Discrimination Algorithm in a Worldwide Single Chamber ICD Population. AHA, 2004 scientific sessions. Circulation 2004;110(17):345.

Abstracts presented at national and regional meetings:

1. Shmuel Inbar, Shlomo Ben-Asoli. The mortality in acute Myocardial Infarction in an open medical ward. Presented in the bi-annual meeting of the Israel Society of Internal Medicine, March 2, 1981.
2. Shmuel Inbar, Bruce Schrader, Elizabeth Kaufmann, Robert Vestal, Stuart Rich. Adenosine-enhanced vasodilation in calcium channel treated patients with primary pulmonary hypertension. Presented at the Midwest Section of the American Federation of Clinical Research, November 1991.
3. Shmuel Inbar, Bruce Schrader, Elizabeth Kaufmann, Robert Vestal, Stuart Rich. Adenosine-enhanced vasodilation in calcium channel treated patients with primary pulmonary hypertension. Presented at the 64th scientific sessions of the American Heart Association, November 1991.
4. Shmuel Inbar, Bruce Schrader, Elizabeth Kaufmann, Robert Vestal, Stuart Rich. Adenosine-enhanced vasodilation in nifedipine treated patients with primary pulmonary hypertension. Presented at the American Heart Association of Metropolitan Chicago, First Annual Professional Education Program, April 27, 1991.
5. Shmuel Inbar, Jerry Bauman, Deborah Tworek, Jose Nazari. Effects of disopyramide on cardiac autonomic tone as reflected by spectral and non-spectral analysis of heart rate variability. Presented at the American Heart Association of Metropolitan Chicago,

the Annual Professional Education Program, May 30, 1992.

6. Shmuel Inbar, Jerry Bauman, Deborah Tworek, Jose Nazari. Effects of disopyramide on heart rate variability. Presented at the 58th annual scientific assembly of the American College of Chest Physicians, October 1992.
7. Shmuel Inbar, Elizabeth Kaufmann, Stuart Rich. Syncope in primary pulmonary hypertension as related to disease severity. Presented at the 58th annual scientific assembly of the American College of Chest Physicians, October 1992.
8. Shmuel Inbar, Jose Nazari, Richard Kehoe, Mark Dixon, Pradeep Maheshwari, and Terry Zheutlin. Predictors of long term success after slow pathway ablation for AV nodal re-entrant tachycardia. Presented at the Annual International Scientific Assembly of the American College of Chest physician, November 1994.
9. Shmuel Inbar, MD, Dingzhong Ye, PhD, Jeffrey Goldberger, MD, Alan Kadish, MD. Does Beat-to-Beat Depolarization or Repolarization Alternans Predict Early Ventricular Fibrillation in Acutely Ischemic Dogs. Presented at the 17th Annual Scientific Sessions of NASPE. May 1996.
10. Shmuel Inbar, MD, Dingzhong Ye, PhD, Jeffrey Goldberger, MD, Alan Kadish, MD. Relationship of Alternans in Depolarization vs. Repolarization During Acute Coronary Ligation in a Canine Cardiac Model. Presented at the 17th Annual Scientific Sessions of North American Society of Pacing and Electrophysiology, May 1996

Clinical Investigator in multicenter studies:

1. Warfarin and Aspirin in Secondary Prevention- Veterans Administration Cooperative Study number 387 (CHAMP).
2. Evaluation of Medtronic Jewel model 7219/7202 in combination with CPI's Endotak

- series 074 leads.
3. Medtronic's Sprint 6945 Lead evaluation study.
 4. Medtronic's Utility of diagnostic function programming of dual chamber pacemakers.
 5. Guidant's Synergistic Effects of Risk Factors for Sudden Cardiac Death (SURF), 2002. (Recruited 22 patients).
 6. St Jude Medical: Reported atrial fibrillation and inappropriate mode switch in sick sinus syndrome patients (RARE);
 7. Medtronic: World wide study of Marquis VR enhancements (WAVE). Dr. Inbar had the highest number of implants in USA for this study.
 8. Guidant's Contak® Renewal Heart Failure Heart Rate Variability Registry.
 9. St Jude Medical: Morphology Discrimination: Effect of High Rate Atrial Pacing on Template Matching.
 10. St Jude Medical: shock-on-T versus DC fibber for induction of ventricular fibrillation.
 11. Medtronic's MAVRIC VR Registry. Dr. Inbar had the highest number of implants in USA for this study.
 12. Medtronic's TRENDS Study.
 13. Biotronik X ATP ICD Study- Dr. Inbar had the highest number of implants in this study.
 14. Medtronic OMNI study.
 15. St Jude Medical: ACT registry.
 16. Reliant Pharmaceuticals: AFFECTS study (Atrial Fibrillation: Focus on Effective Clinical Treatment Strategies
 17. Biotronik TRUST Study.
 18. Reliant Pharmaceuticals: OM8 Atrial fibrillation study.
